

### NOTICE OF ALLOWANCE

The Applicant agrees with the Examiner's reasons for allowance and also believes that there are other reasons for allowance.

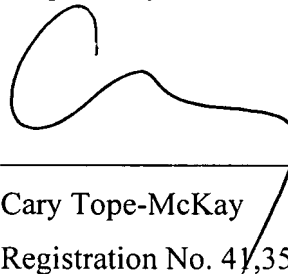

### REMARKS

37 CFR 1.312. Amendments after allowance

*No amendment may be made as a matter of right in an application after the mailing of the notice of allowance. Any amendment filed pursuant to this section must be filed before or with the payment of the issue fee, and may be entered on the recommendation of the primary examiner, approved by the Commissioner, without withdrawing the application from issue.*

The Applicant respectfully submits the preceding amendments under 37 CFR 1.132. The Applicant submits that the inclusion of the proposed amendments do not affect the patentability of the granted claims. The amendments to the claims are required for proper protection of the invention and do not constitute an undue burden on the Office. Further, these amendments have been made to increase claim readability, to improve grammar, and to reduce the time and effort required of those skilled in the art to clearly understand the scope of the claim language. No new subject matter has been added and the scope of the claims, as previously allowed, has not been changed. The proposed amendment has been filed on or before the date the issue fee is paid.

Respectfully submitted,

---
